WANTED

Judge Neil Bidder QC?

His 2/12/09 secret court, with HM Prosecutor, Richard Thomlow and [illegible], now frantic to avoid the imminent 'machine gun' trial, tried instead to have me sectioned under the 1983 Mental Health Act, 'imprisoned for public protection', IPP and sent to Broadmoor, whilst unconvicted, no jury in sight, for life.

On 17/12/09 he again refused bail despite 'Cardiff cabal' removing me, that very day, from Level 3 MAPPA, the top 5% most dangerous in the UK!!!
