Dear Sir,

I would be grateful if the RCVS Summary Grounds of Resistance be sent in 'Word' as similar documents have been done in the past.

I do not have the knowledge to convert and some helping me from around the world are unable to open the file.

I wish to refer to a previous RCVS transcript in detail at the JR and with the HM Attorney General beforehand so could that also be sent in 'word', my covering any expenses.

Time is of the essence.

Thank you

Could I have confirmation that College Council is aware of its content and if not, why not?

You know it is riddled with lies.
