

**WANTED: Fair Trials and Compensation -
in lieu of an Effective Remedy before National Authorities**

I've published this petition because I see Maurice J Kirk BVSC's saga symbolic of many, many cases that I published on [Victims Unite!](#), [Enforcement of Bank of England Act 1694](#) and [Room 14 – A Foundation for Change](#). Instead of being bankrupted, he has endured false imprisonments and 12 weeks in a psychiatric clinic which was even worse, he says, besides untold physical violence and crimes that were never investigated. The devastating effects on his private and professional life are unimaginable.

Maurice is a victim of abusers of the law, the Rule of Law and positions of power in powerful institutions. His experiences illustrate how these institutions with honourable mission statements are incapable of carrying them out by employing people to 'just do their job'. In times of unemployment and supposed shortage of money everywhere, we should therefore ask ourselves about [the Rule of Law and the Power to Create Money](#) and the link between [the Rule of Law and the Rule of Money](#)...

Background (Preamble):.....6

Petition:.....6

For Maurice J Kirk BVSc

1. Veterinary Surgeon Maurice Kirk is no threat to the public. His integrity and honesty is a threat to the "Establishment." Hence why politicians and HM Partnership wish to make him dispensable. Those seen as beyond reproach have utmost duty to protect their professional brethren. Maurice Kirk is a threat to their sinister gravy train. His upset of the "Establishment" has made him a prolific target in more ways than one. Maurice is not isolated - this is what happens in South and West Wales.
2. Having personally met Maurice Kirk in 2001 down at The Royal Courts of Justice where Maurice also myself were trying to get our democratic rights and freedoms previously denied us by conspiracy /fraud addressed, by what in my opinion were, misfeasance, non-feasance, or malfeasance of certain solicitors, HMCS, certain Judiciary, also by others in Public Authorities, such violations remain current and ongoing! Therefore to whoever: Give Maurice Kirk his Democratic Rights and Freedoms back!!
13. Cease perpetrating crimes against Mr. Kirk. Then compensate him for damages the gov't's crimes have inflicted upon to date.
23. Somebody long ago decided to go for this rebel. Judge Jeffreys would be proud. Why not go after the banksters? All this wasted energy just to resist bullying. Why not try him for some real crime? Such a vendetta may be sporting distraction for the lower ranks, but it also reeks of obscure motives best known to upper echelons of a

protection racket behind the decor, coldly following a cynical decision. Proof enough that **we need these rebels of genius!**

39. The extensive persecution of this elderly charismatic gentleman has gone far beyond belief. He is clearly due for compensation for years of harassment and unlawful imprisonment. Instead, the Law is ignored and twisted against Maurice to disappear and save their total embarrassment - and considerable expense. It is clear to me and hundreds of others who the criminals are, and that Maurice is a victim.
41. Time for some semblance of justice to be administered in this case, and time that Maurice Kirk was treated with some shred of dignity by a system which what has seen this law-abiding man treated so abysmally! I hope the perpetrators of injustice on so many levels against Maurice are thoroughly ashamed of themselves!
43. Far too much state sanctioned police corruption these days, they think they are above the law, it's high time they were policed properly. <http://policeinvestigationgroup.co.uk/>
45. Maurice Kirk deserves fairness, truth and justice!
47. As a victim of theft, fraud, organised crime, judicial corruption and now gang stalking, I totally understand firsthand what Maurice Kirk has been unfairly subjected too. Maurice is a good honest decent man and should never have been through all that he has experienced to date. I pray that he and all countless other victims are fully compensated after the years of inhuman suffering.
50. **If England ever was the great country we are told it was, it was surely made so with the actions of men like Maurice Kirk, and not by the actions of the cowardly snivelling buffoons that use our money to persecute men like Maurice. Take heart Maurice from the fact that every day, more and more people are waking up to the fact, of who the real criminals of this land are. May your wings stay unclipped, and fair wind carry your fight.**
60. Awful, seems like the man is completely being denied everything.....who did he get on the wrong side of to deserve this treatment!!!!
61. Time to leave this man in peace and release him from this tyrannical nonsense.
62. What's happened to this man is a disgrace and must end NOW!
63. This man is a free spirit and an inspiration.
65. Maurice deserves Justice.
67. Good luck to you Kirk.
71. In a word "disgraceful".
75. If justice really does exist then, we will see to it that it is done! All the best Maurice.
76. This man needs to be shown some compassion. Please do so forthwith.
77. All the best!
81. Freedom!
110. People are starting to open their eyes to the corruption of state control. Good Luck, Maurice!
119. Good luck!
139. Good luck in your search for justice.

About Institutions

31. We all need access to justice at some point and if so-called 'authorities' like Parliament and Local Councils and The Police in particular, are abusing their official powers, then those organisations need to look seriously at the way they deal with cases like mine and others, like Maurice's!
33. As a fellow victim of our corrupt legal and judicial system I bear witness to the fact that Maurice Kirk has been made to suffer terribly at their hands. His current dilemma of being in need of surgical treatment to alleviate the pain which he is suffering, and yet, being effectively denied this by his oppressors in refusing to release his medical records, is in itself the proof of how evil and wicked these people really are. *"The whole world is within the power of the wicked one."* - The Bible.
34. It is ridiculous that this man is being hounded and silenced by the Authorities. Maurice Kirk is a well-educated man. It is very wrong that solicitors are given full protection by the Law Society. Solicitors charge their clients extortionate fees, even when they totally mis-handle a case. I have personal experience of this. The role of Freemasonry in the Law Society, Judiciary and Police needs to be examined openly. Masons protect brothers. *Google Apron Strings on Rebecca Television.*
64. *Fraud in high places, down with white collar crime.*
67. Good luck to you Kirk.
104. Maurice is a thorn in the side to the judiciary, but there is no excuse for their reacting in the way they have for years. I know him as an exceptional pilot, as one of the best vets ever, and as a man who has never heard the expression "when you are in a hole, stop digging". He is also the first person to take me flying (1971 from memory - Dunkeswell)
106. Most unfair.
107. Please give Maurice a fair hearing!!!
141. Medical fraud! I know all about this shite!

Institutions in South Wales

29. For over 20 years the corrupt SW police unlawfully refuse to act on irrefutable evidence of the corrupt Cardiff mafia of solicitors and judges. Where it is just as Judge Hickinbottom stated in witnessed hearing "Mr Ronald **it is a known fact that no government department of complaint works on behalf of the public**". - These ever-rising unlawful acts and facts cost the UK taxpayer billions - whilst the all in government unlawfully commit treason and do nothing for the ever-rising persecuted, why?
127. The ever-rising corruption of the Cardiff mafia of judges solicitors and South Wales police becomes more evident as time goes on. Where unlawful malicious vindictive persecution is rife instead of any honest lawful justice. Where all is costing the taxpayer a fortune!

Judiciary Institutions

5. It's nothing other than Criminal what the British Institutions have knowingly carried out against an innocent gentleman Mr Maurice Kirk and we want JUSTICE.

19. Because the judiciary system in the UK is an adversarial one therefore is an overt abuse of process. It is about time the people in this country stand up to the corruption of the judiciary and force the government to replace it by the inquisitorial judiciary where judges are well trained to judge and not accepting the traditional dishonesty and lies in the submissions of defendants or claimants in judiciary proceedings. The judge should be conducting an investigative trial as in Germany/France.
20. Deliberate obstruction is what is being practised by the authorities concerned.
26. It is unlikely to change soon despite sweet talk from self-serving 'leaders'. Those who pass laws are going to pass laws allowing them to stay in position of law makers. It is of the utmost importance that those who 'understand' are supported by those who 'know in their hearts'.
84. HM? Nobody is above OUR law Or, the Law means nothing!
85. This country's INjustice system disgusts me. I find myself in a similar position to the likes of Maurice Kirk and Dave Carroll, in that we have all suffered a great injustice at the hands of corrupt government officials, knowing that they themselves are immune from prosecution and therefore act with complete unaccountability. This has to stop. ALL government officials must be held to account for their unlawful actions, and their victims compensated fairly and promptly for their suffering!
90. The law should be arranged so as to benefit and protect the people. When it is revealed to be failing in this fundamental duty, it loses by default both integrity and legitimacy.
96. The rule of law has been ignored and manipulated for far too long.
101. The truth will out!!!!
102. Time for change... Real change.
112. Justice!
129. Good luck with this. The global fraud which has been allowed to continue unchecked must be stopped and these criminals sent away for very long periods of their lives!
144. Is there any justice in this world? No.

Democracy and Human Rights Principles

14. Fair, honest, truthful justice is democracy- is this too much to ask for?
21. Britain exported Democracy half way around the World, just look at what has happened to our own. Maurice Kirk deserves Justice, what is right and what is fair, in a country that so many died for fighting tyranny. Maurice doesn't need yet more injustice when he rigorously questions the world he finds his self in. We should all be asking the Question why a little bit more often.
22. I am so sorry to see the suffering of so many innocent people at the hands of a few unworthy 'stewards' whose internal 'war' is outpicturing in the ugly existence of cover-ups, injustice, cold inhumanity and torture - all operating under apartheid law. The indignities & widespread injustices being suffered by good men and women who deserve love and kindness, is all a result of giving the power away to a few greedy individuals who have wrecked the global economy through USURY. Usher in the Light!

27. I fully support the problems faced by Maurice Kirk who has constantly been denied justice by the judiciary. Such judicial conduct brings the justice system into serious disrepute and demands a parliamentary investigation. NO judge is above the law, yet remains unaccountable for their misconduct and dishonesty.

122. A fair trial is a right and there should be no need for a petition!

Regarding this Petition

30. Please sign this Petition, as I do, but to awaken the fast asleep British people there also needs to be DIRECT ACTION. It is our DUTY to disobey bad laws.

54. 100% Agree. This sorry excuse for a free country should be ashamed, and so should its people.

Background (Preamble):

In defence of [Maurice J Kirk BVSc](#), representative of thousands of [victims of financial exploitation and legal oppression](#), we are targeting “[HM Partnership](#)”. By that we mean authorities that are protected from prosecution by a [Royal Charter](#) and employ individuals who abuse “Her Majesty’s Prerogative” to not comply with the [Rule of Law](#).

“HM Partnership” has omitted Article 13 from the [UK Human Rights Act 1998](#). In the [European Convention for Human Rights](#), Article 13 guarantees an effective remedy before national authorities, notwithstanding that the violation has been committed by persons acting in an official capacity.

A forensic analysis about Maurice is [here](#). As soon as we have 200 signatures, the petition will be sent to the key players in [HM Partnership](#).

Petition:

In the spirit of human rights and, in particular, [Article 6](#) that guarantees a fair trial, we, the undersigned, demand:

1. The release of Mr Kirk’s medical records, necessary for his overdue hip replacement by
 - A. The CEO of the NHS, [David Sissling](#)
 - B. or The [Caswell Clinic](#) where he was detained for 12 weeks
 - C. or Dr Tegwyn Williams, the Director of Caswell Clinic, who gave the information at 2ndDecember 09 Cardiff Crown Court of ‘significant brain damage’ and possible brain tumour, sufficient to oppose Mr Kirk bail or recommend he be allowed to act in person in the imminent trial proceedings
 - D. or the Crown Prosecution Service (CPS) who gave oral information to His Honour Judge Bidder QC, after examining the withheld information on [2nd December 2009](#) at Cardiff Crown Court
 - E. or HM Prison, Cardiff, under whose ‘care’ he was at the time of the court hearing on 2nd December 2009.
2. Three Police Forces admitting their wrongdoings and escalation of harassment:
 - a. Taunton Police in Somerset
 - i. treating him as a drug smuggling suspect
 - b. Guernsey Police
 - i. treating him as a drug smuggling suspect
 - ii. getting his flying licences revoked
 - c. South Wales Police
 - i. treating him as a drug smuggling suspect
 - ii. getting his flying licences revoked
 - iii. getting him struck off the Register of Veterinary Surgeons.
3. The government stepping in as [Compensator of Last Resort](#), since the following authorities are immune from prosecution and do not take responsibility for any of the damages they have committed:
 - a. The [Law Society](#), protected by Royal Charter since 1845, to safeguard lawyers, solicitors and judges from prosecution
 - b. The [Association of Chief Police Officers](#) who have a [Memorandum of Understanding](#) with the Law Society not to investigate crimes involving each other in the face of the court
 - c. The [Royal College of Veterinary Surgeons](#) and its agents who are protected from prosecution by its [1967 Royal Charter](#). It used legislation contrary to the [1998 Human Rights Act](#).
