FREE NORMAN NOW!

WW2 Veteran Norman Scarth sent to prison for 6 months for trying to expose corruption in our courts.

Norman needs you !

Since the age of 70 and after realising his friends during WW2 died in vain, Norman Scarth has been trying to expose the criminal elite in Britain. He has tried to expose the Judiciary, whom he believes to be corrupt.

Norman, like a stubborn old Warhorse, has been very outspoken and will not give in, so, because of this the authorities have tried to silence him.

For turning his mobile on to record what he believed would be "Skullduggery" during recent court proceedings he has been given a 6 months sentence for Contempt of Court. As he asks "*Why are the courts **TERRIFIED** of being recorded if they have nothing to hide?*"

You can help by writing to your MP, the Prison Governor, contacting the media and spreading the word until he is released.
