Dear Sir,

### **Complaint against South Wales Police**

I wish to submit a complaint against the South Wales Police for perverting the course of justice and their attempt to having me shot, as attempted murder, by their own armed police unit, 'defending' the then, Chief Constable, Ms Barbara Wilding, claiming I was eligible for MAPPA level 3, terrorist status.

Do I also make a further complaint to my French police, as they are already aware of the serious situation documented in my asylum application papers, shortly to be heard in the Paris court?

Further to my detailed 63 page witness statement, I enclose my latest one which contains new evidence. This indicates police officers tampered with my WWI decommissioned Lewis machine gun after it was sold, in order that it could discharge a live round. Hence it I would appear I was in breach of the 1968 Fire Arms Act.

Evidence from refused prosecution disclosure, prior and during the 2009 Cardiff trial, and that obtained by cross examination further indicates this week's new evidence: a significant number of police officers of high rank are implicated. There a many eye witnesses to support my statement.

I request urgent action, as my life may still be in danger.

Yours faithfully,

Maurice J Kirk BVSc
