Mr M Kirk
49B Tynewydd Road
Barry
CF62 8AZ

Dear Mr Kirk

As described in my letter of 27 September 2013 you are currently assessed unfit for EASA Class 2 certification.

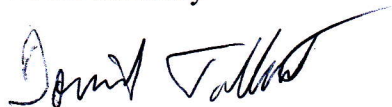

Having considered your situation in greater detail, I believe that the complexity of your case is such that it is outside the scope of my practice. Bearing in mind my concerns about your fitness I am therefore unable to change my certificatory decision, and you remain unfit.

You have the right of appeal to the Civil Aviation Authority, I enclose a copy of the Medical Assessment Review and Appeal Procedure.

Enclosed also is a copy of our complaints procedure.

Correspondence between applicant, doctor and the Authority is normally only shown to people who have a genuine reason to see it for, for example an applicant's medical or legal advisers. I would prefer that my correspondence to you is not published on the internet.

Yours sincerely

Dr D N Tallent
