

I Barry which to State as follows;  
Mauric Kirk came to see to ask me  
about when i used to work for him,  
and drive the Practice vehicles.

I confirm that I was driving the white  
escort van that mr Kirk told me had been  
caught Speed in St Nicholas, This was  
about 10 yrs ago, when mr Kirk asked if  
I could reveal the name of the driver.

I was living in the flat at the rear  
of 52 Tynneydd Road, when mr Kirk  
came to warn me that I was also under  
surveillance from the Police as a radio  
ham had told mr Kirk so, while visiting  
the Practice. This was approx 12 yrs ago,  
mr Kirk was concerned because the radio  
ham had heard the Police say I had  
a drink/Drive conviction.

I was stopped by Police whilst driving  
the Guernsey registered Honda Activan  
in Hilda Street for apparantly no reason  
after following me for some time -  
I was given a ticket to Produce documents.

This statement is true to the best  
of my believe
