26<sup>th</sup> May 2010

Dear Mr Kirk

Re Access to your Health Records

You have requested, by email on the 13<sup>th</sup> May 2010, a copy of your health records. Your records will be copied and sent to you by the 17<sup>th</sup> of June 2010.

As we sent copies to you previously on the 18<sup>th</sup> November 2009, we will be sending copies of all entries made since that date and will include copies of radiology images and reports and any other health records held within ABMU LHB.

Will you please supply us with an address to which these copies can be sent safely

You have stated that reports were missing from the original copy records that were sent to you; these included reports written by Dr Bagshaw and Dr Sylvester. We have been advised that these reports do not exist as they were never written.

However the report written by Professor Wood is in your health record and was/should have been included previously; it will be sent to you with the other copies in due course.

The "Texas Reports" have been returned to the psychiatric institution in Texas as they were not our property, no copies were kept.

I await your reply regarding an address to which to send the copy records.

Yours sincerely
