

Re: Maurice Kirk

I Christopher Paul Alexander will say as follows:

1: I, Christopher Paul Alexander (I was known by the name Christopher Paul Ebbs at the time period in question) was the principle prosecution witness in a case brought against Maurice Kirk.

2: The case relates to an offence of assault by Maurice Kirk.

3: I am led to believe that the outcome of the case was influential in the eventual removal of Maurice Kirk's licence to practice as a veterinary surgeon.

4: Prior to a hearing at Bristol Magistrates Court I received a request to meet with a Police officer to discuss my statement and the case against Maurice Kirk.

5: The Meeting was held at Aust Motorway services.

6: In addition to the officer who requested the meeting five other people were present (plus myself)

7: From memory those present were (myself) PS Rice, DC Williams, DC Evans, Jim McKenna (Civil Aviation Authority) Representative from Wales CPS, plus one other unidentified person.

8: During the meeting it was suggested that I should alter my statement to increase the impact my statement would have against Maurice Kirk in the proceedings.

9: During the meeting I was threatened with various sanctions if I failed to alter the statement, which included sanctions against both my pilots and aviation engineer's licences.

I confirm that this is a statement of truth

Signed

Christopher Paul Alexander.
