Dear Mr Kirk

Further to our meeting and your consultation with Dr Peter Haydn Smith on the 4<sup>th</sup> June 2010. I now have Dr Haydn Smith's report to hand. I note that Dr Haydn Smith does not feel that you have a mental disorder. On this basis you are assessed as fit for Class 2 medical certification (certificate enclosed).

At the time of our meeting I noted your acutely swollen ankle and so I would ask that you exercise good judgement in refraining from flying until the swelling and any pain has settled and the movement in the ankle is sufficient for the piloting task.

With kind regards.

Yours sincerely

Dr R Hunter
